2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Herlong High School is a small, rural elementary school in southern Lassen County primarily serving the communities of Doyle and Herlong. With average class size under 20, and school-wide enrollment averaging 60, individualized student attention is a priority. Herlong High School is a school-wide Title 1 school which is able to offer educational assistance in many academic areas including English Language Arts and Math. The District is in the initial phases of implementing a new MTSS (Multi-Tiered System of Support) process that focuses on meeting the needs of all students to support them in becoming successful students and citizens who are able to positively contribute to society. The school is transitioning to providing instruction aligned with the Common Core State Standards and developing a Standard-Based grading system. New curriculum and resources have been purchased and staff training is ongoing. Herlong High School is also in the initial process of developing a PBIS (Positive Behavioral Interventions and Supports) school program meaning students are taught appropriate behavior and appropriate behavior is supported in all areas of the school.

The school is working with the Lassen County Office of Education for Differentiated Assistance to improve certain areas of weaknesses and identifying the root issues to improve the climate and culture of the school to create a positive learning experience for all students. We have implemented social- emotional learning strategies and are focused on teaching the highly leveraged standards through quality Tier-1 Instruction that is engaging for all students to learn.

District Mission Statement: We endeavor to help students become lifelong learners, gaining essential skills to graduate from high school and develop intellectual character for good citizenship.

District Vision Statement: The relentless pursuit of anything that works in the life of a child.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Each pupil in the District must have access to sufficient textbooks and instructional materials in reading/language arts, mathematics, science, and history-social science. Textbooks are aligned to content standards and consistent with the content and cycles of the curriculum framework adopted by the State Board of Education.

School Facility Conditions and Planned Improvements

The following information is taken from the Williams Act Inspection Report conducted by Lassen County Office of Education on August 29, 2019

Herlong High School is housed with Fort Sage Middle School. With regular maintenance and deferred maintenance projects, the buildings remain in poor to fair condition. Herlong High School consists of 8 regular ed classrooms, 1 special ed classroom, 1 computer lab, 1 home economics room, 1 wood/metal shop, 1 auto shop, 1 gym, outdoor tennis courts, and 2 functional sports fields.

Each classroom and office at Fort Sage Middle School has its own telephone and internet access (wired and wireless). One Smart Board is available for use in the English classroom, each classroom has a projector and document camera. Each student was provided their own Chromebook for 1:1 technology and 21st Century Skills acquisition. There are "sufficient" standards aligned instructional materials available for each student at all grade levels in all four core subject areas monitored. Instructional materials were available online and paper copies were available when needed.

One full time Head of Maintenance and two full-time custodians are responsible for continuous maintenance and repairs of all sites in the District.

Year and month of the most recent FIT report

System Inspected	Rate Good	Rate Fair	Rate Poor	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer			X	Hallways- pipe insulation appears to be cracking/deteriorating around pipes on the ceiling. Boy's restroom (main building)- wall heater needs to be cleaned. Vent in hallway is dirty and bent. Thermostat in the main hallway and Girl's gym restroom is exposed and appear to be broken. Room 15 swamp cooler is leaking.
Interior: Interior Surfaces			X	The ceiling tiles in the hallway near the restrooms are significantly damaged and need immediate attention. Ceiling tiles throughout the campus are stained, loose, or missing. Wall tiles in the gym are loose and missing. In the girls' gym restroom there are cracks in the walls. Ceramic wall tiles are missing in the main building girls' restroom. Carpet has been removed from one classroom but has not been replaced. Floor tiles throughout the campus are broken and/or missing.
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation		X		Main entryways and hallways including classrooms appear to be kept clean on a regular basis. Regular pest inspections and vermin abatement traps are checked and replaced regularly. The outside common areas as addressed earlier need to be well maintained

School Facility Conditions and Planned Improvements

				with removal of accumulated debris on a regular basis.
Electrical			X	Hallway- light panels are cracked. Light covers are missing in the gym area. Loose wires are hanging down and in reach of students and guests in the gym area. Light covers are missing outside rooms 15, 16, and 17.
Restrooms/Fountains: Restrooms, Sinks/ Fountains			X	The boys' restroom in the main building needs immediate attention, unsafe condition for student use. The stall door is damaged and does not lock. The top hinge is loose and the support wall to the stall is not attached to the floor. One of the urinals is out of order and is covered with a plastic trash bag. One sink in the boys' gym is not working. The boys' stall in the metal shop is missing a door. The urinal in the wood shop is out of order and is covered with a plastic trash bag.
Safety: Fire Safety, Hazardous Materials		X		Paint and chemicals are not stored in a locked cabinet. Clorox wipes, spray comet, and disinfectant wipes were located in rooms 2, 3 and 16.
Structural: Structural Damage, Roofs			X	The entire gutter system is missing outside of rooms 15, 16, and 17 and water from swamp cooler draining onto the concrete. The same water drainage occurs at the main entrance to the gym and the back entrance to the main hallway of the main building which causes a freezing hazard in the winter. Exterior paint is peeling in several areas throughout campus.
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	X			The sidewalks are cracked, uneven, and weeds are growing in between the cracks. The sidewalks are slippery and uneven as the surface layer of pea gravel is coming loose. Leaves, weeds, grass clippings, and debris have accumulated around the building, in corners and around doors. Two trees on the south side of the main building appear to be dead and may need to be removed. The boy's gym restroom door lock is missing and stall door. Exterior doors to rooms 15, 16, and 17 do not have mechanisms or door locks that can be secured from inside in case of lockdown emergency. All main building classrooms lock from the hallway side of doors as well.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

2020-21 Career Technical Education Programs

Fort Sage Unified School District offers a Career Technical Education Program in Agriscience at Herlong High School. During 2018/19 the following sequenced/articulated classes were offered; CTE Physical Science, CTE Biology, CTE Advanced Biology, CTE Economics/Government. Each of these classes follow the agriculture CTE curriculum as well as state science or social studies standards. Additional CTE classes were offered including Auto Shop, Welding, and Consumer and Family Science.

2020-21 Career Technical Education (CTE) Participation

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parent involvement is always welcomed and encouraged. Parents are welcome in classrooms with prior arrangements to assist as well as on field trips and other class activities. Parent/ Teacher conferences are held on an as needed basis. Herlong High School has an active Site Council/Parent Advisory Group which meets monthly through which parents are asked to contribute ideas and/or concerns. There are additional opportunities for parent volunteers at school sports events, fund raisers, and Booster's clubs. The FFA hosts an annual banquet which parents attend and the school has an honor roll/perfect attendance assembly which parents are invited to come celebrate at the end of each semester. Teachers hold various events throughout the school year inviting parents to attend.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

All children, teachers, and administrators have the right to feel safe in their classrooms and school. The purpose of school is for children to learn—a task that can become difficult when students or faculty fear for their own safety or experience disruption in the classroom setting. Teachers are responsible to help their students learn and grow, but they also must handle classroom disruptions and ensure safety for all if an incident does occur. Every school in the Fort Sage Unified School District takes necessary precautions to ensure the safety of students, staff, and visitors. Staff and Administration are present at all breaks, lunch time, and extra-curricular activities to prevent safety problems from starting and to handle any issues that may occur. Security cameras have been installed in each of the classrooms with audio capabilities if the teacher opted in for audio and there are cameras in each of the hallways and in the gym at various locations to help with safety and security issues. The school is also in contract under an MOU with Lassen County Sheriff Office for on-site school resource officers who come at intermittent times throughout the week.

Long before students even set foot on campus work begins on planning for a healthy, safe, and supportive learning environment. The School Safety Plan is currently under development in conjunction with recommendations from key agencies in the county. All staff members will be trained during in-service days in how to implement the School Safety Plan once it is finalized. Additionally, the district maintains a contract with Keenan and Associates to provide to staff updated, mandatory online training on various aspects of a safe school. All teaching and office staff are certified in CPR and First Aid. Copies of crisis and emergency procedures are kept in each classroom.

The student handbook is sent home the first day of school. The handbook includes behavior expectations and rules of conduct as well as the consequences for breaking said rules. The school district recently implemented a behavior matrix plan approved by the school board to support teachers in the classroom when minor behavioral disturbances occur. This is a three-tiered matrix system which clearly defines who is to address which behavior and how it is to be addressed based on number of occurrences.

New safety drills to prepare for emergencies which may include evacuation of the facility, fire, intruder, safety lock-down, and

2021-22 School Safety Plan

earthquake, will be rehearsed on a monthly basis once the safety plan is finalized. Staff and student responses and effectiveness of the drills will be reviewed with the appropriate agencies and school personnel. Updates will then be made to the Safety Plan as needed. We are working in conjunction with the school resource officers to be proactively prepared in the event of an incident.

The Head of Maintenance is responsible for on-going safety inspections and monitoring of facility systems. The Northern California Schools Insurance Group conducts an inspection every other year of all buildings and sites in the district. Fire extinguishers, fire suppression systems, and burglary alarms system are serviced at least once a year by certified technicians. Additionally, the district contracts with a licensed pest control company to keep the facility free of insects and rodents.

Every school employee at Herlong High School is trained and prepared to take necessary precautions to ensure the safety of students, staff, and visitors. Students are supervised at all times to provide for student safety. All classrooms are equipped with phones. All visitors are required to check in at the office and a record is kept of any person who visits the campus.

The District contracts with Lassen County Probation Department for attendance monitoring as well as behavioral/law counseling. The District has close relationships with Lassen County Sheriff's Department and Child Protective Services.

Professional Development

Fort Sage High School teachers actively participate in Professional Development. The staff participates in Professional Learning Communities two times per month on scheduled early release days for the previous two school years. This school year (2020-21) the district implemented weekly teacher collaborative teams to focus on quality Tier-1 instruction and the highly leveraged standards. The focus is on increasing student achievement. Staff frequently visit other schools and attend conferences to stay up-to-date on current instructional practices. Staff other training opportunities and workshops as available. Trainers and speakers are brought in to present strategies on topics such as Common Core, current curriculum updates, assessments, and interpreting data. This summer teachers attended summer academies which focused on unpacking and stacking the highly leveraged standards and building quality Tier-1 lesson plans. The academies also trained teachers in social emotional learning, trauma informed decision making, social awareness, and brain-based neuroscience evidence-based activities to embed core content for improved student achievement.

In 2013/14 Fort Sage Unified School District began with the MAP assessment program. This program assesses each student's progress 3 times annually. The information can be used to guide instruction by identifying efficiency, strengths, and weaknesses.

The Superintendent/Principal performs on-going classroom observations. Also, an annual formal observation followed by a meeting in which written documentation is provided for each teacher by the Superintendent/Principal.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
